**March 3, 2021**

Dear Directors of Guidance and Counseling:

The Disabled American Veterans, Department of New Jersey is sponsoring our Annual Scholarship Program for 2021. There will be (6) \$1,500 scholarships available this year.

Enclosed you will find the application and rules for the program. We are sending this to your office so that they can be sent to High Schools in your area.

We appreciate your assistance in getting this communication out to the schools, as there are many districts within each county. Please send out as many as possible so all High Schools seniors will have the opportunity to take advantage of this wonderful program that has been possible by the generosity of deceased veteran Charles Kosmutza.

Sincerely,  
From the office of

Leonard Long  
Acting State Department Commander, of N.J.

Johnnie Walker,  
State Adjutant, Department of N.J.
